The student-run middle school science bowl and olympiad

Saturday, April 2, 2016

lexscibowl.org

Hello students, parents, and coaches of LexSciBowl!

April 2, 2016

Welcome and thanks for coming! We are so excited to introduce the second year of our competition. We are thrilled to see you all here to compete, and we hope you'll have an awesome time!

Why are we doing this? Our team is composed of members of Lexington High School Science Bowl, Ocean Science Bowl, and Science Olympiad teams, three consistently nationally successful teams. We all love science, and our goal is to foster the same passion for science in younger students.

First, we believe that science always can be awesome and fun. Science Bowl is a competition like no other, and the exhilarating speed and competitive atmosphere can for some be a very motivating factor in their future pursuits. Whether or not fierce competition is your thing, we hope the breadth of knowledge we cover gives you an amazing view of science far beyond classroom basics.

Second, we believe that anyone can do science. LexSciBowl draws inspiration from both the National Science Bowl and the International Science Olympiads, both extraordinary high school competitions that are difficult to get into at the middle school level. LexSciBowl exists because we don't think you need so many years of experience to do this kind of competition.

Finally, and perhaps most importantly, we believe that science is a team and community endeavor. We love being a team and being able to build off of each other's immense knowledge. Our competition is designed around that idea by making teams work together all day. Along the same lines, one of the best parts of a gathering of great minds like this is being able to talk to the other amazingly bright middle schoolers out there. Try it!

So, whether you win anything or not, today's going to be a great day, filled with scientific knowledge and scientific people. We hope you enjoy competing in LexSciBowl as much as we enjoy running it, and that you will gain a little bit more understanding of science, for all of its knowledge, thrill, openness, and community.

Best,

The LexSciBowl Team

Clive Chan Karen Zhou
Bharat Srirangam Catherine Wang
Andrew Wang Jason DiMasi

Schedule

The Science Lecture Hall (SLH) is where all ceremonies and announcements will be held.

7 rooms in addition to the SLH will be used for Lightning rounds: 313, 315, 319, 321, 325, 414, 416. Additionally, LexSciBowl Headquarters (HQ) is in room 303.

| Time | Event | Location |
|---------------|---|---------------------------|
| 8:00 - 8:30 | Check in | Outside SLH |
| 8:40 - 8:50 | Opening Ceremony | SLH |
| 9:00 - 10:00 | Olympiad Round A team written test in five subjects to test depth of knowledge. | SLH, Classrooms |
| 10:05-10:25 | Lightning Round Explanation & Demo & Q/A | SLH |
| 10:30 - 12:00 | Lightning Round: Round Robin An exciting buzzer-based knowledge recall competition. | SLH, Classrooms |
| 12:00 - 1:15 | Lunch Break Take a break! Buy pizza, walk to a restaurant, or bring lunch. | Hallways, SLH, outside |
| 1:15 - 3:00 | Lightning Afternoon Tournament This time, competing for a place in the finals. | Classrooms |
| 3:15 - 3:45 | Lightning Round Finals The two best teams pitted against each other for all to see! | SLH |
| 4:00 - 4:30 | Awards Ceremony & Closing | SLH |

Competition Rules

This competition is composed of two types of competition: the Olympiad Round and the Lightning Round. Calculators, and other electronic devices are neither permitted during competition nor needed to compete.

Olympiad Round

- A fairly straightforward 60 minute written competition taken in teams.
- The test is divided into 5 categories: Earth/Space Science, Biology, Chemistry, Physics, and Math. Any team members can work on any subjects at any time.
- Each category will have 100 points' worth of questions, with all question point values indicated.
- Teams are not expected to be able to finish all questions within the allotted time period.

Lightning Round

- A series of 16 minute buzzer rounds split into 8-minute halves. Each team has 4 team members competing at any given time, and substitutions may be made at the half.
- Each round will feature one team against another, and will have questions in five categories: Earth and Space Science, Biology, Chemistry, Physics, and Math.
- Each question has a Toss-Up portion and if a team gets that correct, they get a Bonus question.

Toss-Up Questions

- A toss-up question may be answered by any of the members of either team, but conferring between team members is not allowed. Competitors have 7 seconds after the moderator finishes reading to work on the question and buzz in.
- Questions must be answered in verbal form reasonably matching the given answer. Multiple choice questions may alternatively be answered by the letter choice (W, X, Y or Z). Wait to be recognized by the reader before answering.
- Four points are awarded if the answer given is correct.
- If an answer is incorrect, the team may not answer again on the question. The question is given exclusively to the other team for another 7 seconds.
- Competitors may also buzz in before a moderator finishes reading. However, if this interrupt answer is incorrect, 4 penalty points are awarded to the opposing team, the question is reread in full, and the opposing team again has the exclusive opportunity to answer the question.

Bonus Questions

- When a toss-up question is answered correctly, their team is awarded a bonus question.
 Teams have 20 seconds work together on bonuses after the moderator finishes reading the question.
- The other team must remain quiet while the opposing team hears and answers the question.
- The team captain must be the one to give the answer.
- Ten points are awarded if the answer is correct.
- If a team member thinks the question is wrong, they may say the word "challenge" and explain why; all challenges will be submitted to HQ and handled there.

Special thanks to the the LHS Science Bowl Team, the LHS Ocean Science Bowl Team, LHS Latin Certamen, The Quiz Bowl Team, and Afareen Jaleel for buzzer system lending, and to the Lexington High School administration for its support of all student-run initiatives!

Food

Drinks and Snacks will be sold outside the Science Lecture Hall throughout the competition. Proceeds go to pay off our costs!

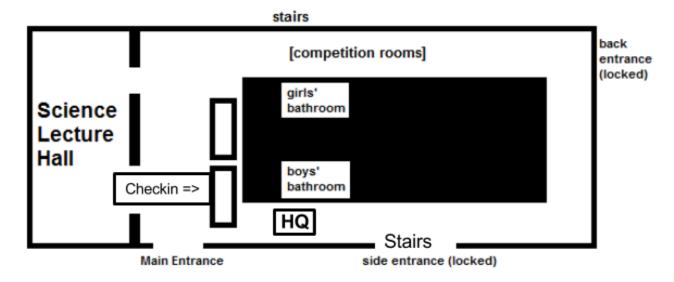

There are three options for lunch:

- Pizza. If you pre-ordered your pizza(s) during registration, please pay \$8 per cheeze pizza or \$10 per pepperoni pizza at check-in. A limited number of non-preorder pizzas will also be available, at a higher price of \$10 per pizza (15 for pepperoni, or \$2 per slice (a 2 slices for \$3 deal will be offered).
- For restaurants, see the below table for a number of locations located within walking distance of the school.
- And, of course, you can always just bring lunch yourself.

| Restaurant | Location | | |
|--|---|--|--|
| Royal Indian Bistro (Indian) | 7 Meriam St, Lexington, MA 02420 | | |
| Mario's (Italian) | 1733 Massachusetts Ave, Lexington, MA 02420 | | |
| Via Lago (Sandwiches, Soups, etc.) | 1845 Massachusetts Ave, Lexington, MA 02420 | | |
| Lemon Grass (Thai) | 1710 Massachusetts Ave, Lexington, MA 02420 | | |
| Ruyi (Chinese) | 27 Waltham St, Lexington, MA 02421 | | |
| Bertucci's (Pizza, Italian) | 1777 Massachusetts Ave, Lexington, MA 02420 | | |
| Yangtze River (Chinese) | 25 Depot Square, Lexington, MA 02420 | | |
| Avenue Deli (Sandwiches) | 1806 Massachusetts Ave, Lexington, MA 02420 | | |
| The Upper Crust Pizzeria (Pizza) | 41 Waltham St, Lexington, MA 02421 | | |
| Dabin (Korean) | 10 Muzzey St, Lexington, MA 02421 | | |
| Panera Bread (Sandwiches, Soups, etc.) | 1684 Massachusetts Ave, Lexington, MA 02420 | | |
